**County Court.**  
Before A. F. Pemberton, Esq.

**TUESDAY, May 2.**  
Murray vs Lush—Action to recover \$32. Judgment for Plaintiff with costs.  
Murray vs Rabson—An action to recover balance of an account for \$24 22. Judgment for plaintiff with costs.  
Rhodes vs Farrell—Action was brought to recover \$150 damages for breach of contract, also for money paid by plaintiff to defendant for her own use. The plaintiff proved that in the month of November, 1869, he, by his partner in England, contracted with the defendant, Elizabeth Farrell, on the following conditions: That a free passage was to be provided, £10 of which was paid by the plaintiff and £15 by the Government of British Columbia, and also £5 to be paid by plaintiff for defendant's outfit and £2 for other purposes, in consideration of which defendant was bound by agreement to come to Victoria on the bark Alpha and to serve in the employment of the plaintiff for the space of two years at the annual rate of £30.  
Defendant after remaining two months and a half in plaintiff's service, left without any provocation, for which plaintiff now claims \$150 damages.  
The defendant in her defence said she had been detained in England some two months after the contract was made at an expense of nine shillings per week, instead of sailing immediately as agreed upon. She also said that upon arriving at Victoria she was sick and that she continued sick nearly all the time she remained in the service of plaintiff. That she had told Mrs. Rhodes she was not able to do the work required of her and had asked to be allowed to leave. Mrs. Rhodes showed her a paper written by plaintiff, agreeing to let her leave if she would sign it. The paper was a promise to pay £30. The defendant refused to sign the paper and left, having worked two and a half months and received in addition to the advance made for her passage and outfit, \$3 75. Defendant stated that she was sick for several weeks after she left the service of defendant, but now she was in employment at \$20 per month.  
The Judge said as no damage was proved he could only award the plaintiff the amount of money paid by him less the amount of two and a half months' wages at \$12 50 per month. Judgment for plaintiff for \$57 50 with costs.  
**THE PORTION OF ATTORNEY GENERAL.**  
Mr. Phillips, having been appointed to a judgeship in Demerara, will sail on the Pacific for his new sphere of duty; and it is quite possible—indeed, highly probable—that one of three practising barristers now in the Colony, viz: Messrs. McCroight, Walkem or Robertson, will be appointed to succeed him. Mr. Alston, Registrar General of Titles, who is also a barrister, is spoken of in connection with the same position; and others incline to the opinion that Mr. Richards of Canada, who has been spoken of as the third judge, and who is supposed to be now on his way, may have been already appointed to the shortly-to-be vacated position. Public rumor, however, points to Mr. Robertson as the next Attorney General. But whosoever may prove to be the fortunate gentleman, the Colony cannot certainly secure a more competent or faithful officer than Mr. Phillips.

**CHINESE ON THE WAR PATH.**—A fatal affray occurred at Blackfoot on the 24th ult., between John Martell, a ditch owner, and Ah Sing, the foreman of a Chinese company, resulting in the instant death of the latter by a revolver shot. The Chinese, several in number, then turned loose with their weapons, and Martell ran for Blackfoot going up the gulch. The noise aroused another Chinese company up the gulch, when finding he was headed, Martell took to the hills, divesting himself of his gum boots while running, and reached Blackfoot barefoot and nearly exhausted, the whole band of Chinese chasing him nearly to the town limits, and some thirty or forty shots were fired in the chase. Martell was arrested; also some ten or twelve Chinese, who were held under bond, and Blackfoot was in a fever of excitement all that day.  
**WHOSE BUSINESS IS IT?**—Reverting to the subject of providing a new cemetery, we have been led to believe that some difference of opinion exists between the Cemetery Board and the City Council as to which body the duty of taking the initial steps properly devolves upon. We suggest that it falls on both. The Board and the Council ought to confer and act more or less together. And they should act at once.

**Police Court.**  
**TUESDAY, May 2.**  
Chas Montgomery, on a charge of selling liquor to Indians, was convicted and sentenced to pay \$250 or suffer imprisonment with hard labor for six months.  
Wm Griffith, on a charge of being a suspicious character was ordered to find security for \$25 to be of good behavior or go to jail for one month.  
Andrew, a Hydah Indian, for an assault upon Mary, a Bella Bella Indian girl by biting her on the back, was fined \$50 or in default three months in the chain-gang.  
Qua Whaan, the Indian who has been for some weeks under arrest on suspicion of complicity in the murder of George, the Greek fisherman, in October last, was further remanded for one week.  
Thos Rabson was convicted on two separate charges of smuggling and fined \$25 for each offence.

**DEATH OF MR. WM. EMERY.**—Wm Emery, contractor and builder, died yesterday afternoon at his residence on Johnson street. Mr. Emery came to this colony in 1862, entered actively into business and was concerned in the erection of many buildings in this city. The fine bridge across James Bay was built by Mr. Emery three years ago. During the construction of that bridge the deceased contracted a severe cold, which settled on his lungs and from the effects of which he never fully recovered. It may be a source of consolation for his relatives to know that during his last moments he received every attention from kind and sympathizing friends. The funeral will take place to-morrow afternoon.

**N. P. R. R.**—From statements furnished by Minnesota papers it appears that the Northern Pacific Railroad bids fair to rival the rapidity of construction that marked the progress of the Union Pacific. At last dates the grading was nearly finished for 266 miles, from Lake Superior through central Minnesota to the eastern border of Dakota; trains are running over 130 miles of track. The Mississippi river is bridged at Brainerd and by September next trains will be running to Red River and the grading will be far advanced toward the big band of Missouri. Including the purchase of the St Paul and Northern Pacific, the Northern Pacific has 413 miles of road in operation.

**THE CROPS.**—Latest advices from California represent crop prospects not materially improved. The Stockton Independent of the 17th inst., says: "It is quite certain that under the most favorable circumstances now possible, the grain and hay crop of the State will be light, and if favorable showers do not continue to fall the failure may yet prove to be a very serious matter to a large number of farmers and to the State at large." No rain has fallen in the interior since the date of the Independent's article and the sudden rise in bread stuffs noted in our Exclusive dispatches give ground for fear that the drouth is widespread.

**FROM SEA TO SEA.**—In March last Colonel Shaw gave a highly interesting lecture on Canada in Paisley, Scotland. He illustrated his subject by a map of extraordinary proportions, which extended from one side of the hall to the other, upon which was shown the "emigrant's route" from the Clyde to the St Lawrence, and thence across the continent to the Pacific Ocean. There was a second map of the Province of Ontario on a very large scale.

**THE MANITOBA MEMBERS.**—On the 5th April Dr Schultz and Mr Dolome, members of the House of Commons for Manitoba, arrived at Ottawa and took their seats. Dr Schultz was introduced by the Hon. Mr. Tilley and Mr O'Connor, and Mr Dolome by Mr Donald Smith and the Hon. Colonel Blouchet. Both gentlemen were cheered as they took their seats.

**SAN JUAN QUESTION.**—Lord Granville has declined to give any information touching the action of the Joint High Commission and the San Juan question. In a few days, however, we hope a draft of the treaty will be received.

**WOMEN AS JURORS.**—Six ladies, wives of some of the leading citizens of Cheyenne, in the American Territory of Wyoming, have been empaneled as petit jurors at the term of the U S District Court, now in session in that city.

**RESHING IT.**—Two vessels laden with cars and railroad iron have arrived at Kalamia and—as our Exclusive Dispatch puts it—business there is 'reshing with all possible speed.'

**Mr. Punshon, on Friday evening last, lectured on 'Daniel in Babylon' before an immense audience at Portland. The lecture was delivered in the Taylor-street Methodist Church.**

**THE HON. MR. TRUTCH.**—An Ottawa exchange of the 6th April says: "Hon Mr Trutch has been an attentive listener to the debate in the Senate on the British Columbia resolutions."

**ANOTHER ATTEMPT.**—Burglars penetrated to the second flat of a dwelling on Broad street, at 1 1/2 o'clock yesterday morning, but were frightened away by small dog.

**Municipal Council.**  
**TUESDAY, May 2, 1871.**  
Council met at 7.30 p.m. Present—His Worship the Mayor, Councillors Carey, Gerow, McMillan, Heathorn.  
Minutes of previous meeting read and adopted.  
**STREETS.**  
Communication from Messrs Humber & Goode, asking permission to use a portion of Fort street in the erection of a building. Granted.  
Communication from a number of residents on Pioneer street, asking for a survey to define the boundaries of said street. Mr Green was appointed to make such survey, the applicants to pay one-half the expense.  
**CONFIRMATION OF BY-LAW.**  
Communication from the Colonial Secretary informing the Council of the confirmation of the Municipal By-law by His Excellency.

**CITY FOUNDED.**  
The poundkeeper submitted his monthly report, showing a profit of \$9 for the month.

**RENT.**  
Account from H F Heisterman for rent for one month for Council Chamber. Ordered paid.

**COURT OF REVISION EMBROGLIO.**  
Communication from the Clerk of the Court of Revision which was read, charging Councillor Carey with improper conduct whilst acting for the Council as one of a committee before that Court, and informing the Council that Coun Carey would not be heard before said Court again on any case of assessment except where he might be personally interested.

Coun McMillan moved that the communication be returned and that the Clerk be instructed to inform the Court of Revision that the Council is competent to manage its own business without the interference of the Court of Revision, and that in the opinion of the Council, Councillor Carey had done no more than his duty, and that had the Court of Revision acted in accordance with the suggestion of Councillor Carey it would have been better for the revenue.

Coun Heathorn seconded. His Worship remarked that the resolution did not seem to be a proper one—that it was asking the Council to pronounce on a matter which had not been investigated.

After some discussion the resolution passed. Yeas, McMillan, Carey, Heathorn and Gerow. Nays—Russell.

His Worship informed the Council that he had countermanded the publication of the report of the committee appointed to attend the Court of Revision—which the Council had last week voted to have published—being satisfied that the report was libellous in three distinct points.

Coun Carey said he had taken the advice of a lawyer of good standing who said it was not libellous.

After a long discussion the resolution for publication was rescinded.

**LAST NIGHT'S DISPATCHES.**

**Europe.**  
**LONDON, May 1.**—In the the House of Commons the debate on the budget was resumed. W H Smith member for Westminster moved the following resolution, that in the opinion of this House it is inexpedient to increase the rate of taxation on incomes; he argued to show that additional burden will fall exclusively on small incomes.

**LONDON, May 1.**—A vote was taken which resulted in the defeat of the resolution against the increase of Income Tax. In the House of Commons Harrison and Hesley made bitter attacks on the budget. Lowe defended it, and said the Government had presented the best available substitute for the impost rejected by the house.

**PARIS, May 1.**—The Commune has revoked the order for the arrest of Gen Cluseret.

The Masons take turns with the Nationals in guarding the ramparts and do duty bravely under a terrible fire.

**VERSAILLES, May 1.**—Negotiations for the surrender of Fort D'Issy have failed.

The bombardment has now recommenced and is very violent.

The Municipal elections throughout France have passed off quietly except at Lyons.

Earl Granville, in the House of Lords tonight, declined to answer questions respecting negotiations for settlement of the San Juan boundary with the United States, and said that Government was under obligations of secrecy until treaty ratifications were exchanged.

**Eastern States.**  
**WASHINGTON, May 1.**—Public debt statement shows a reduction during April of \$6,124,053; coin balance \$10,647,397 00; currency balances \$12,786,760, coin certificates \$20,435.

Justice Clifford read the bill and papers in legal tender cases of Knox vs Lee and Parker vs Davis and Bellows. In these cases there were two questions heretofore directed to be argued, viz: "The first is an Act of Congress known as the Legal Tender Act constitutional as to contracts made before its passage. Second—It is valid as applicable to transactions since its passage. The questions have been considered by the Court. Both have been decided in the affirmative and the decree in the case of Parker vs Davis in the Judiciary Court of Massachusetts is therefore affirmed, and the judgment of the Circuit Court of the United States for the Western District is also affirmed. In the case of Dunning against Sear, and two other cases from the Supreme Court of Michigan, the con-

tracts were for the delivery of a specified weight of gold, removable as coined money, the Court below held that they were discharged by the payment of currency notes of equal value in the market, value to value of coined money of stipulated weight of pure gold. This Court reversed that judgment, holding that it should have been entered for coined dollars and parts of dollars.  
There was a large number of members of the Bar present at the Supreme Court Chamber to-day.  
During the week's recess, previous to adjourning until the 16th of October next, all the Judges were to the Bench with the exception of Justice Nelson. The Chief Justice retired at about 2 o'clock. Notes of opinions were announced at 3 o'clock. The Chief Justice with Associate Justices Nelson, Clifford and Field dissented from a majority of the Court upon both the propositions and result, holding that the Act of Congress as far as applicable to contracts made before the passage is repugnant to the Constitution and void so far as applicable to contracts made since its passage.

**California.**  
**SAN FRANCISCO, May 1.**—This is the warmest day this season.  
The firemen on the boats of the California Pacific R R Co [late C S N Co] struck to-day for an advance from \$40 to \$50 per month. Their demand was refused and their places filled at old rates—no boat being detained an hour.

**Europe.**  
**VERSAILLES, May 2d.**—Fort Issy is completely surrounded by Versailles. A Paris paper says the Versailles were repulsed at Fort Issy last night. The bombardment of Vanvres and Montreux continued to-day. An engagement is expected before evening. Versailles are daily gaining ground. Fort Issy is deserted.

It is rumored Dombrowski and staff were made prisoners at Asnieres.

**VERSAILLES, May 2.**—Last night the Chasseurs captured Clamart Railway station at the point of the bayonet 300 insurgents were killed.

**LONDON, May 2.**—A great battle is expected to-morrow near Chiswick.

**PARIS, May 2.**—Cluseret's arrest was due to his negligent conduct, whereby Fort d'Issy was compromised.

**NEW YORK, May 2.**—A special correspondent telegraphs the following from Berlin on Sunday: An Imperial Council was held to-day to consider the situation of Paris. Bismarck was present and agreed to notify the Versailles Government that a further limited period would be allowed for the restoration of authority, the enforcement of order and fulfilment of treaty stipulations, after which the Germans will take independent action to establish law and order. The dispatch emphasizes the wish of Germany not to interfere in the interminable civil war originating in the revolution and characterized by disgraceful excesses and which cannot be longer tolerated, for the moral and material interests of Germany as well as of all Europe are suffering.

To avert evil is one of the greatest triumphs of human skill. This triumph is achieved by Dr Walker's Vinegar Bitters. They build up, fortify and renovate the whole system, thus enabling it to defy the elemental causes of disease. Hence their efficacy as a protective medicine. In districts where the air and water are impure, the weakest and most susceptible organization is rendered proof against all malarious disorders by taking one or two doses daily as a preventive.

**A MISSION APPEAL.**  
PART II, LITTON, CHURCHMAN Mission, B. C., March 21, 1871.

**THE REV. J. E. GOOD IN CHARGE** of the above Mission is respectfully to invoke the assistance of the well disposed towards aiding the erection of his projected permanent Native Church upon the site recently acquired, just outside Lytton. The house in question is required to accommodate at least 600 whites of both sexes, who will be divided off into Baptized, Catholics, Protestants and P. nients, the estimated cost of which he puts down roundly at \$2000. Of this sum, the greater part is hoped, will speedily be contributed from British Columbia, the last mail informing him of a grant of \$50 as a first response to the appeal that has lately been made to the Mother Church at home. If a fourth only can be raised within the diocese Mr Good could feel a great satisfaction and pleasure in making known the same to the Venerable Pastors of others, which mainly maintains him at his post as also to others interested in his work and present field of labor.
